FMR

Mini-Roops

ROUND 7

U6 Ninjas

A beautiful Dunsborough morning and a later start than usual meant that not just the kids were firing on all 4 cylinders but also the parents too.

The teams were well matched with both teams managing to get the ball in the net.

Nate showed some fancy footwork, Luke was great in goal, Ezra in attack kept up the pressure and Peri had a good swing in her boot.

Jed kept up the passing in a great show of team play, Lucas kicked from the line with precision and Cohen kicked and passed with a smile on his face from beginning to match end!

It was a tough decision but player of the day had to go to Ash Johnston who step in at the eleventh hour as substitute so that the Dingos could play their full team.

Well done for showing fabulous sportsmanship and thanks to sponsors the Candy Cow for the voucher.

U7 Rovers

What a perfect day for a game of Soccer!! The Rovers visited Vasse to take on the Crows, and whilst the competition was much tougher than previous weeks, still managed to put on another dominant display.

The boys defensive skills were once again rock solid showing the spectators they could do more than just pile on the goals, which they also managed to do.

More impressive was their game play and team work, their passing brilliant and their willingness to help each other making the parents on the sideline especially proud 😊

Players of the day went to Ethan for getting out of his comfort zone (defence) and putting on an amazing offensive effort, and to Rio who showed us his brilliant foot skills with an amazing long range kick from back in defence resulting in an epic goal. Well done!!

With thanks to Squid Lips.

U8 Wasps

U8 Wasps Vs Dunsborough

A great game with 100% effort and no subs, the U8 wasps played their socks off!

Player of the Day goes to Elki Wishart for super forward drives and defence work!

Thanks to Two Cracks Coffee for their awesome community support.

U8 Dragons

This week the Dragons travelled to Capel to face off with the Capel Wolves.

We had a good challenge ahead of us with only 6 players for the match. With the sun shining and the crisp air the Dragons came out strong with John kicking a cracking first goal.

The team's footwork was on point and the Dragons worked well supporting each other in their positions.

The energy levels remained high throughout the match with Finley scoring his first two goals for the season and Connor also scoring two goals.

Squid Lips player of the day was John who scored 5 goals for the match and remained strong across the field, finding strength with his team supporting him.

Well done team Dragons and Coach Jimmy!

U8 Dragons

U9 Storm

U9 FMR Storm vs Capel Wolves

Under 9 Storm had another great contest on Saturday morning, with the team really settling in now passing and moving the ball well.

POD went to Daisy-Anne for a Great game up front and back in defence, congratulations and enjoy your Squid Lips Voucher!

U10 Jettz

The Jettz continue to make us proud parents, this week they played Busselton Titans.

These guys have skills and the Jettz took the challenge on with determination. Our leading goal scorers were Floyd Smith and Zoey Ralston. They put themselves in the right place at the right time, well done guys!

Our teams are learning their positions well, passing forward and sharing the play like the true sports people they are.

Our defence took some punishing kicks but always kept going with a smile. You know who you are! 🤪 but our player of the week is Cohen, having never played before his confidence is growing each week. He shows determination to learn the game and this week in particular threw himself in there, defending and getting the ball nicely out of the main play for goals.

Thanks to Squid Lips and Cohen for your hard work.

U10 Breakers

U10 Breakers Vs Dunsborough Brumbies

The Breakers were up bright and early to play Dunsborough Brumbies on their home ground.

The first half saw equal goals scored by each side in an evenly contested match.

The Breakers went into the second half one player down as their goalie retired sick.

Adversity bought out the best in the Margaret River side as some quick passes and team play saw the Breakers finish on top.

Second half saw Isla stepping up in attack along with Finn who played well in goals to be awarded POD. Thanks to Kingston Bakery and Squid Lips for prizes.

U11 Stingrays

The Stingrays travelled to Capel this week. The Wolves fought hard against a dominant Stingrays. The players kept control of the ball throughout and made the most of their scoring opportunities.

The team did well in the second half when they were moved around and had to play in unfamiliar positions.

Players of the day went to Fraser for having his best game of the season, Cayden for his hard running and Taj for his ball skills and goals. Thanks Squid Lips and Burger Baby.
